

3rd International Conference on Recent Trends in Structural Materials

LAST CALL

Nov 19th - 21st 2014

Parkhotel Plzeň, Czech Republic, EU

COMTES FHT a.s.
TANGER Ltd.
Czech Society for New Materials and Technologies
European Regional Development Fund
Operational Programme Research and Development for Innovation

CONFERENCE SCOPE

The speed of transmission of new scientific and technological knowledge into the production practice is a critical factor affecting the competitiveness of enterprises in the engineering field.

The conference aim is, at international level, to hold joint meetings to promote cooperation between companies and research institutions, to establish and strengthen links that will lead to acceleration of new knowledge use.

TOPICS

PLENARY SESSION

November 19th 2014 from 10:00 to 12:00

TOPICS

Advanced steels
Non-ferrous metals
Ultra-fine grained materials
Casting and forming of metals
Heat treatment and thermo-mechanical treatment
Joining techniques for metals
Materials testing and Analysis
FEM simulation of production and operational processes

POSTER SESSION

The poster session will take place on Nov 19th 2014 from 6:00 p.m. in the hotel foyer.

The authors are kindly requested to come Nov 19th 2014 at 6:00 p.m., at the beginning of the meeting of the poster session.

HISTORY

The first international conference COMAT 2010 - MODERN TRENDS IN STRUCTURAL MATERIALS took place in November 2010 at PRIMAVERA Hotel & Congress center in Pilsen. The conference was organized by the research organization COMTES FHT a.s. at the 10th anniversary of its founding. It was attended by nearly one hundred experts from research organizations, universities and manufacturing companies from the Czech Republic, Slovakia, Poland, Germany, Austria, United Kingdom (UK) and Russia.

Expert lectures dealt with new materials from their design, research of properties through processing technology to their use in industrial production. Common topics of interest were found by specialists in metallurgical production, automotive, energy, aerospace industry, heavy engineering, electronics, and medicine.

Favourable responses to the first annual conference encouraged the organizers to organize COMAT 2012. 2nd conference COMAT 2012 was held on November 21st - 22nd at the Parkhotel Plzen. 195 participants registered for the conference, 185 from 14 countries arrived.
